

Mistletoe and Moonlight Makers Mart at Robinson Nature Center

November 30, 2018, 6-9 PM

Vendor Information and Application

Who We Are Looking For:

We are looking for all kinds of local makers, but especially those for whom your maker efforts support or encourage sustainability and the local economy. We are hoping to host a variety of vendors.

Who We Are Not Looking For:

This is not a market for resale or direct sales of national brands or products.

Is There a Fee to Participate?

As this is the inaugural Makers Mart, we are not charging any fees to interested vendors. We are requesting, if you have a good time and appreciate the experience, you consider giving an in-kind donation (of product or service) we could use as a gift/raffle item at a future Robinson program.

What Will the Setup Look Like?

Each vendor will get one 5 ft x 2 ft table space inside Robinson Nature Center for the evening. Staff or volunteers will assist you with setup and breakdown, as needed. We will also provide signage for your table space. Please consider bringing any educational information with you about your product or process, as patrons may be particularly interested in the how and what behind the items you are selling.

This All Sounds Great. How Do I Apply?

Please send your name, email address and a phone number to Marisa Olszewski, molszewski@howardcountymd.gov

In the email, please provide:

- (1) the title/name you would like to use for your vendor space, a brief description of your products and a price range for the items you plan to sell;
- (2) an example picture or two of your products/artwork;
- (3) a sentence or two on sustainability or nature. For example, how you apply sustainability to your life, how nature inspires your art, etc. (These statements will be used on the signage for each vendor space.)
